

1. Issue : Redirected to Fatal error page when click on  from multiple\_upload\_pdf.php page.

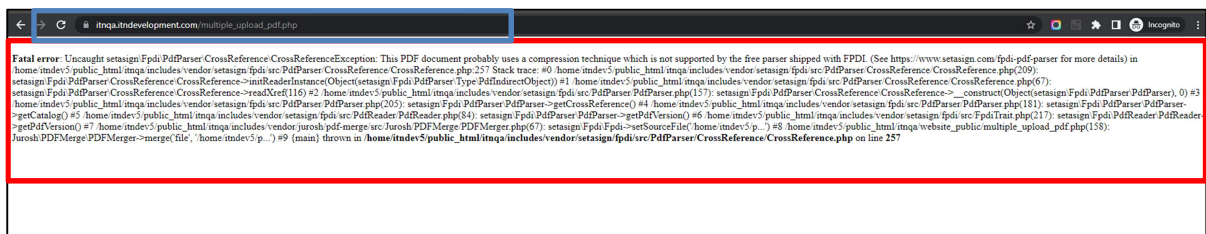

How to replicate:

- ➔ Open ev\_cloud\_doc.php page
- ➔ Click on  (Upload multiple separate files) icon.
- ➔ Click on  button. you will be redirected to multiple\_upload\_pdf.php page.
- ➔ Now choose pdf files two or more.

- ➔ Now click on  button. After click on this button it is redirected to a blank page.

Expected result: After click on  button it should not be redirected to a fatal error.
